## AutoCAD Crack X64 [Updated]

### AutoCAD Crack Latest

To open an AutoCAD file, select File > Open or press Ctrl-O. The AutoCAD main menu opens. On Windows and macOS, the menu can be opened from either the right or left edge of the screen, depending on whether the default application for opening files is on the right or left side. The most important settings in the AutoCAD menu are: Startup Options - Allows you to change the default start-up options for AutoCAD. You can set the following options: Enable Undo Mode - When you save your drawing, do you want to save your drawing with the most recent editing settings or with the default settings (i.e. no undo is available)? When you save your drawing, do you want to save your drawing with the most recent editing settings or with the default settings (i.e. no undo is available)? Open/Save As - Allows you to choose whether or not AutoCAD automatically opens and saves your drawing when you open a drawing or save it. By default, AutoCAD always opens and saves a drawing when it is opened or saved. I'm using the default settings here. This is a DWG file, an AutoCAD file format for drawing and drafting. The Menu Bar - AutoCAD displays a menu bar in the upper-left side of the display. The menu bar is the first window that appears when you open AutoCAD. You can hide the menu bar by pressing Ctrl-M. You can also choose to display or not display the menu bar when you open AutoCAD. AutoCAD Open The AutoCAD Open menu is a shortcut menu for common tasks such as opening a drawing from the file system, opening a drawing from an AutoCAD file (.dwg), and opening a file with AutoCAD. In addition, you can open a file from the Clipboard. Open Current File - Opens a file currently displayed on the screen. - Opens a file currently displayed on the screen. Open New - Opens a new file with default settings. - Opens a new file with default settings. Open Recent - Opens the last six files that you had open. - Opens the last six files that you had open. Open Selected Files - Opens all the files that you have selected. - Opens all the files that you have selected. Open All Files
