.. one could say that he is still not just a director, but also a screenwriter, but if you remember him, then more likely a director, but a screenwriter, yes also with extensive experience in this area, is Alexander Gordon. they had quite a few. Closed Spaces is a comedy-drama that, to be honest, I found a bit boring, especially in the second part of the film, but in general, this is what I could take away from this film for myself.

The transport of the nucleoside guanosine was studied in the brush border membrane vesicles (BBMV) prepared from rabbit small intestine by Mg²⁺ precipitation. GDP- and UTP-supported active transport of guanosine was observed in a transmembrane potential-dependent manner. The maximal uptake was obtained when the concentration of guanosine was at least 1 mM. Guanosine transport was inhibited by dinitrophenol, CCCP and oligomycin but not by such substrates as adenosine and thymidine, suggesting that the mechanism is independent of the Na⁺-phosphate co-transport systems. The guanosine transport was competitively inhibited by guanosine and GTP, but not by GDP. The uptake rate constant of guanosine was reduced by increasing the concentration of Na⁺ or K⁺ in the incubation medium. As for the transport of Na⁺ and K⁺, guanosine uptake was optimally obtained at pH 5.0 and lowered to pH 7.4. Omission of Na⁺ from the incubation medium abolished the uptake. These results suggest that the guanosine uptake is closely related to a Na⁺-dependent monophasic H⁺ symport in the rabbit intestinal brush border membrane.AMMAN: A handful of Turkish sources say that the arrival of Turkish Special Forces in northern Syria on Tuesday is being used as a card to convince the Islamic State (IS) group to jump into a deal with Turkey to open peace talks. Local sources in northern Syria say that the operation has brought Turkish Special Forces to northern Syria, near the town of Jarablus, and the two sides are now holding talks. According to Turkish sources, Turkish leaders, including President Recep Tayyip Erdogan, are demanding that the Kurdish-led Syrian Democratic Forces (SDF) withdraw from Manbij and the surrounding areas by the time Turkish troops arrive to avoid an armed confrontation, or else. The source said Turkey would provide the SDF with heavy weapons to guarantee a safe withdrawal. Meanwhile, rebel and pro-IS sources say c6a93da74d
