Red Alert 2 Yuri's Revenge for PC is the production of the latest commands and conquests. Build strong bases, pool resources, and all the while... even more time to perfect your war strategies and tactics! In Red Alert 2 Yuri's Revenge you will get a lot of military units and means of warfare. These troops have been selected according to their performance in previous games in the Red Alert series. You will get more than 80 units and 50 vehicles in the game, including several new units, such as the "Monster Tank" and "Cockroach Tank". This means you won't have to settle for just the usual tanks and missiles.
