No matter how we travel, we constantly look for ways to make our driving experience more convenient and productive. This is no different for our customers who continue to choose Mercedes-Benz and serve over 4.5 million drivers each day. Innovative solutions can be found for every car-driver, including a wide range of accessories and navigation systems to help you to stay on course. But we are also constantly looking for additional ways to make your driving experience more convenient, including our mobile apps, Augmented Reality, and most recently the development of a

connected car. All of our driving innovations are intended to help you drive smarter, faster and safer. Relax your mind and improve your performance by using these easy-to-use apps that can be accessed directly from your Mercedes-Benz. In-car entertainment and music are a matter of course, but they can also be supplemented by other sources, such as the apps and music from Google Play and Apple's App Store. So take advantage of the available connections and access content and services that can enhance your driving experience. You can even enjoy them on the Mercedes-Benz phones of your loved ones. To help you find your destination, Mercedes-Benz offers a range of navigation systems that can be adapted to your needs. With the Navigation System DVD and the CD-system, for instance, the maps are loaded into the car's glove compartment. If you are in the mood for a little more fun, you can also choose the Navigation System DV-GWI
