I need help in finding the USB to serial drivers for the A100 to connect my vaio G555 laptop with my headset. I know that windows 7 does not have drivers, am I right? As for what I see so far, I got the drivers from a website (they have drivers for windows xbox 360 too) A: I have been looking for a solution to this for a while and finally found one: SerialPort - Windows 7: Serial port driver for native Windows 7 serial ports Download your drivers in 4 steps: Fill out an Account Registration form. Download and install a free 64-bit utility called Connector. Install the serial drivers. Install the device using the USB driver. I found this solution here: It looks like it should work but it is not guaranteed. It was a long winded process that I think I will not do again, but here is the original link for posterity: HardwareSerial - Windows 7 driver for native Windows 7 serial ports From the manual: The Windows 7 serial port driver should work reliably with natively on Win7, and is expected to work with Win8 as well. If issues are encountered, please send feedback to the maintainer, jbernal, at the hwserial project. You may also need these items: The SerialPort.h header that comes with Windows The included header path to the missing library #include The Windows.h header is included in HIDAPI. So you have to add this path to your code: #include The decision of Mr P This post is dedicated to Mr P, who surprised us with his decision not
